- **Testy antra Software Solutions** as Associate Software Engineer from Nov 2018 to till.

## Projects

### 1. Canara Bank

<b>Client Organization</b>	1. I-Exceed Technology Solutions
<b>Tools and Technologies</b>	JavaScript, SQL, Appzillon, MySQL Workbench.

**Project Description:** Canara Bank is one of the largest Indian government owned banks. It is under the ownership of Ministry of Finance, Government of India. It is headquartered in Bengaluru. It was established at Mangalore in 1906 by Ammembal Subba Rao Pai and later the government nationalized the bank in 1969.

**My Responsibilities:**

- Code optimization and code reviews.
- Developing features using Appzillon Framework.
- Fetch Records from SQL and display on UI.
- Take Inputs from UI and Store into Database.
- Performed Sanity Testing and Veracode Testing.

### 2. TSB-LMS (Lead Management System)

<b>Client Organization</b>	1. I-Exceed Technology Solutions
<b>Language and Technologies</b>	JavaScript, SQL, Appzillon, MySQL Workbench.

**Project Description:** TSB Bank plc is a retail and commercial bank in the United Kingdom and a subsidiary of Sabadell Group. In this Application an Employee of the bank can search for the customers. A customer can be assigned to Leads. In Customer Interaction Component we can see the list of Customers assigned to particular Leads or Partners.

**My Responsibilities:**

- Worked on UI Design of Product Portfolio, Customer Interaction, Customer Opportunity module.
- Handled user login.
- Maintained code modularity to reuse code with required coding standards.
- Worked as an Active team member in delivering requirements as sprint timelines.
- Used JavaScript for Validation.
- Performed Sanity Testing and Veracode Testing.
